

Club Fell championship races 2019

We're excited to announce the **2019** Club Fell Champs.

Some of us like the challenge of the High Fells, some struggle to get time away and some are content with local races. We have taken all of this into account and have come up with a range of races and locations with something for everyone designed to encourage maximum participation.

Overall there's a choice of 28 races including the High Fell Series of 6 races (best 3 to count), the Wed night Summer Series of 8 races (best 5 to count, the same as this year), plus 14 other local races.

All 28 races will count towards the overall Club champs with results based on the best 10, including at least 1 long. There will be winners for the overall Champs, the High Fell and Summer series. Scoring for races will be the same as this year i.e. your time relative to the winner's time.

Introducing the High Fell series...this consists of 4 races in the Lakes, 1 in North Wales and 1 in Shropshire (these will be changed each year to maintain variety and interest). We will take a proactive approach to drumming up interest around each race, informing you if/when entries need to be in, telling you a bit about the specific terrain and challenges to expect, and encouraging car sharing etc.

For 2019 we have avoided very difficult long or navigationally challenging races, in a bid to make the series more accessible. The Teenager is probably the exception, but there is the Newlands Memorial Race (new name for Anniversary Waltz) on the same day for those who want something easier. Of course, this doesn't negate the need for navigation skills and later in the year we will be looking at building experience ahead of the relays in October.

Thanks to all who contributed.

Graham / Barry

Month	Date / day	Race	Series	Entry	Distance/Ascent	Notes
JAN	13 th / Sun	Lambs Longer Leg (BS)		PE £5	3.1mls/950ft	http://www.t42.org.uk/hayfield/ (entry and race details)
